

# Project ACT NOW

“TAKE SAFETY HOME INITIATIVE”

**FREE**

## Who Should Attend?

If you are concerned that a loved one is at risk for overdosing on heroin or a prescription pain medication, this training is for you.

## What will you learn?

Training Participants will learn:

- Opioid types
- How to recognize, respond to, and prevent an opioid overdose
- How to administer intra-nasal naloxone to reverse an overdose.

## What is Naloxone?

It is a prescription medication that reverses an opioid overdose. It cannot be used to get high and it is not addictive.

## What will I get for completing the training?

You will receive a certification valid for two years, a prescription for naloxone, an overdose prevention kit, and all other supplies necessary to intervene in the event of an overdose.

*(Residency restrictions apply for the naloxone prescription)*
